If you intend to apply to other UK universities you must apply independently on-line via UCAS at www.ucas.com/apply/index.html. **Using both this form and the UCAS process may delay your acceptance and your Tier 4 CAS.**
- Students who hope to study at the University as part of a specific formal progression agreement and seeking credit exemption from part of the Hull degree.
- Other students wishing to apply for admission to a full-time undergraduate degree programme at the University of Hull as part of a formal progression agreement (for which the use of this form has been approved). You have NOT made a UCAS application in the current cycle and you do NOT intend to do so. If you intend to apply to other UK universities you must apply independently on-line via UCAS at www.ucas.com/apply/index.html
- Late entrants to full-time, undergraduate programmes who are applying after the close of the UCAS application cycle for entry that year (as directed by the University).
- Semester 2 entrants to full-time undergraduate programmes – a claim based on prior credits will be required for accreditation against semester 1 modules (as directed by the University).

For those students who need University sponsorship for a Tier 4 student Visa, the University must work within Tier 4 policy and may place additional conditions on offers.

Application deadline

It is recommended that if you need a visa to study you should apply at least 3 months before your intended start date. Applications must reach the University by 1 August to guarantee consideration for September start that year. Later applications may be considered at the University's discretion or offered entry for a later start date.

Notes for completing the application form

Section 1 and 2

Ensure that your name and date of birth match exactly the passport that you will use to obtain a visa to study (where relevant). The information in sections 1 and 2 will be used to decide on your fee status, please ensure all details are completed fully.

Non-EU nationals should enclose a copy of their current passport (if they have one) and any visa endorsements. However, if you do not have a passport yet please do not delay your application.

You must include your normal home address in your own country even if using an agent address for correspondence.

If you need a visa to study, you must complete the question concerning periods spent in the UK fully and honestly as the University will use the information to determine whether sponsorship for a further period of study in the UK is permissible against current Home Office Tier 4 Policy.

The University must tell the Home Office whether a student being sponsored for a Tier 4 visa has studied in the UK.

Section 3

Course choice

Please state which undergraduate degree course you wish to study. Alternative courses may be stated in case we are unable to offer admission to your first choice.

Full-time undergraduate degree courses start in September. The academic year is divided into two semesters with the second semester starting in February. New students start in September unless they have credit that can be used to grant exemption from semester 1 modules.

If you wish to enter with credit, note the year of the course you wish to begin (eg year 2 or year 3 of the degree).

Section 4

The Criminal Convictions Declaration and Risk Assessment Process

The University has a risk assessment process designed to reduce the risk of harm or injury to members of the University population caused by the criminal behaviour of any student. We therefore need to know about any relevant criminal convictions that an applicant has. Tick 'yes' only if you have a relevant criminal conviction as explained below.

Relevant criminal convictions are only those convictions for offences against the person, whether of a violent or sexual nature, and convictions for offences involving unlawfully supplying controlled drugs or substances where the conviction concerns commercial drug dealing or trafficking. Convictions that are spent or are 'protected' as defined by the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 (as amended by SI 2013 1198) should not be disclosed (however see next paragraph).

If you are applying for a programme in teaching, health, social work and/or any other programme or research involving work with children and/or vulnerable adults, you must tell us about all criminal convictions, including spent sentences, and cautions (including verbal cautions) and bindover orders. For those programmes, you may later be required to have an enhanced Disclosure and Barring Service disclosure (www.homeoffice.gov.uk/dbs).

If you are serving a prison sentence at present, give the prison address as your correspondence address and obtain a reference from a senior prison officer to support your application. Applicants who declare a criminal conviction will not automatically be excluded from the application process but the University will activate the risk assessment process (details of which are available from the Admissions Service) and we will ask for further details before reaching a decision on your application.

If you are convicted of a relevant offence after you have applied, you must inform the Admissions Service immediately in order for the risk assessment process to be followed.

Section 5
